Chase, KS 67524

Glenna Grinstead, *Superintendent*

(620) 938-2913
Fax (620) 938-2622

Date: September 2016

To: All Building Occupants, Teachers, Students, and Support Staff of USD 401

Subject: USD 401 Asbestos Management Plan and Annual Notification

Roth Environmental Consultants, Inc. inspected all USD 401 buildings on August 4, 2016. This inspection and biannual inspections are all part of the USD 401 Asbestos Management Plan and ensure that we are complying with federal and state asbestos regulations. This inspection and past inspections are available in the district office. The USD 401 Asbestos Management Plan is also available in the district office.

Some of our buildings do contain asbestos. The asbestos-containing materials are routinely inspected and maintained to ensure they do not present a health hazard to students, employees, or visitors. USD 401 is committed to protecting the health of everyone who enters our buildings, and we will continue to ensure that asbestos-containing materials are maintained according to federal and state regulations.
